

Residents Parking Permit

Residents may obtain an off street parking permit for certain identified Council car parks provided that they live in properties adjacent to or close by and who do not have any suitable off-street parking spaces available for them to use.

Procedure:-

1. Residents may apply for one Residents' Parking Permit (RPP) per property by submitting a duly completed application form and payment of the charge currently in force.
2. The permit will apply to the specific car park associated with the applying resident and will only be valid for the resident's vehicle.
3. The permit will show the registration number of the vehicle to which it applies and car park to which it applies together with the expiry date of the permit.
4. The permit must be clearly displayed on the window screen of the vehicle when in the car park.
5. Vehicles displaying a valid permit are permitted to park within the car park to which the permit applies without displaying a payment ticket and without time limit.
6. Failure to display the permit will lead to the issue of a Penalty Charge Notice (PCN) as described in the Parking Places Order currently in force on the car park.
7. The Environmental Health, Housing & Community Services Group Manager reserves the right to limit the number of Residents' Parking Permits that are issued to best manage the operation of the car park.
8. Permits must be renewed annually in advance of the expiry of the existing permit.
9. Permits will not be issued or be valid without payment of the current charge.
10. Where the permit holder changes the permitted vehicle during the period of validity of the permit, a revised permit must be obtained by application to Parking Services and accompanied by the £10.00 administration fee.
11. Where the owner no longer requires the use of a 12 month season ticket, then it may be surrendered for a refund as per a sliding scale based on the number of months remaining on the season ticket. The ticket must be surrendered to the Council's Parking Team before the refund can be administered and a £10.00 administration charge will be deducted from the total amount refunded.

The Environmental Health, Housing & Community Services Group Manager reserves the right to refuse to issue a Residents' Parking Permit where he or she considers the issue of a permit to be inappropriate and/or not in the best interests of his or her management of the car park.
